🇮🇩 Indonesia

SUMMARY

I am an Informatics student in Stiki Malang with expertise in Android app development using Kotlin and Java. I am passionate about building innovative and user-friendly mobile applications, continually enhancing my skills to deliver high-quality solutions in mobile development.

EXPERIENCE

| | |
|--|-------------------|
| Mobile App Developer Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka | 09/2024 - 01/2025 |
| <ul style="list-style-type: none">Executed end-to-end development of a gamified calorie-tracking Android app, managing the full lifecycle from design implementation to core logic.Transformed High-Fidelity designs into functional UI components, delivering a pixel-perfect and seamless interactive mobile experience.Integrated gamification mechanics including challenges and rewards, significantly boosting user engagement in daily nutrition tracking.Implemented robust tracking algorithms for calories and macronutrients, ensuring precise data monitoring for user health goals.Optimized app performance and responsiveness, maintaining high stability and a smooth user experience. | |
| Laboratory Teaching Assistant (Advanced Database) Universitas Bhinneka Nusantara | 09/2025 - 01/2026 |
| <ul style="list-style-type: none">Assisted in advanced database concepts, ensuring students understood complex data management and query optimization. | |
| Laboratory Teaching Assistant (Advanced Web Programming) Universitas Bhinneka Nusantara | 03/2025 - 07/2025 |
| <ul style="list-style-type: none">Guided students in mastering Laravel and Livewire to build robust transactional web applications and component-based systems.Supported backend integration and performance optimization, teaching installation, configuration, and development of interactive UI. | |
| Laboratory Teaching Assistant (Web Programming) Universitas Bhinneka Nusantara | 09/2024 - 02/2025 |
| <ul style="list-style-type: none">Assisted in teaching web fundamentals (HTML, CSS, PHP), helping students grasp core concepts and development logic.Resolved technical issues during lab sessions, actively improving students' coding efficiency and problem-solving capabilities. | |

EDUCATION

| | |
|---|-------------------|
| Computer Science Universitas Bhinneka Nusantara - Bachelor of Science | 09/2022 - Present |
| Saintek MAN 2 Kutai Kartanegara | 04/2019 - 05/2022 |

CERTIFICATES

specializing in Mobile Development

Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka

01/2025 - Present
